3XA3 Development Plan, Group 2, L03

Group Name: The Triple Grobs
Jonathan Cels (celsj),
Rupinder Nagra (nagrar5),
Pesara Amarasekera (amarasep)

February 2021

1 Introduction

The introduction of the Software Development Plan provides an overview of the entire document. It includes the purpose, scope, definitions, acronyms, abbreviations, references, and overview of this Software Development Plan.

1.1 Purpose

Specify the purpose of this Software Development Plan. The text below is provided as an example. The purpose of the Software Development Plan is to gather all information necessary to control the project. It describes the approach to the development of the software and is the top-level plan generated and used by managers to direct the development effort. The following people use the Software Development Plan: The project manager uses it to plan the project schedule and resource needs, and to track progress against the schedule. Project team members use it to understand what they need to do, when they need to do it, and what other activities they are dependent upon.
